- Married to Milton Rister 1983-current

For 20 years as of June 2018, I will have been attending the annual meetings of CDCAT. I have missed a few but always gone to either A&M-now TAC, UT Law conferences-now TAC and/or Vital Statistic conferences each December to expand my knowledge of the job. I have agreed to sit on panels or be a speaker on subjects that I have learned. I have become involved in the legislative process and committee to testify or help where I could. At times it can be overwhelming while trying to maintaining my job duties & staff due to turn because of low wages when Commissioners Court believes our wages are sufficient without understanding the daily demands from the public and job responsibilities-so I am in a constant hiring and training mode. No one but other clerks understand that we get blamed for everything and get no credit for anything. I sit in Commissioners Court each week and see all of the awards that other departments and their staff receive and wish there was something besides the vitals award that clerks could get if they weren't local registrars. It is tough when you work a lot of hours and continue to process what happened during the day or will happen if you or your staff don't get something done right each night when you go home. No one knows the sacrifices we make better than other clerks. But we continue to try our very best keeping in mind our health.

The legislature and state agencies keep giving us more and more responsibilities with no relief in sight. I try to do the best I can with what I have while sharing experiences with other clerks not as "seasoned" and to help other clerks if I have been through the same thing they are going through. It is a family-our clerks' world. It is frustrating but rewarding at the same time. I am considerate of my other elected officials of my county while trying not to inflame the courts I have to deal with when they don't see and understand our clerks' side of an issue. I try to stay involved in my community but it gets harder year after year as my energy levels get drained completing my duties and standing my ground to attorneys, the public, accommodating judges, justifying my actions and decisions due to trying to follow the code on this matter or that. It seems we all are constantly fighting an uphill battle. I will continue to contribute where and how I can with the talents and gifts that God has given me and expects me to use to benefit others especially fellow clerks.

My attention to detail is reduced only by lack of time due to the above written issues. Time management is mandatory. Having a great staff to back you up is also critical to be able to do your job. I pass along rewards to staff who get the most public compliments in a year. I've not been as much of an encourager as I should be but do provide lunch twice a year to my staff of 43 out of my own pocket. I have continued over the years to bring staff to conferences if they wish to come. I have stretched myself to learn and keep up with financial trends so that I can best invest wards' money in guardianship cases by attending the TAC Investment Academy classes and becoming certified in it. Yes, I do a lot of things. We have only the present moment in a lifetime of moments we are blessed to be given. We are promised none. We must use our influence and talents to help others not only when they ask but when we see the need. Is this world a better place because we walked this earth?

REGION VIII NOMINEE

Chris Daniel Harris County District Clerk

Chris Daniel, an engineer and attorney, has brought his energy, skills and training to the Harris County District Clerk's Office. First elected to this office in 2010, he heads an office staffed by about 550 people and oversees a \$36 million budget that has remained lean even as the county is putting the recession behind it. His office staffs 80 statutory courts and ten (10) specialty courts with clerks, maintains records for these courts and runs jury service. Chris knows that bridge-building and diplomacy skills are a great advantage as he works with scores of judges and county officials to improve court operations. Previously, Chris Daniel was elected to the Board for Lone Star College System.

In 2013, with Chris Daniel's leadership, the office implemented a convenient passport application operation to assist the people of Harris County in applying for and renewing their passports. With such innovative thinking, Chris was re-elected to the Office in 2014.

In 2016, he opened four (4) satellite passport application operations to meet suburbanites' needs. He partnered with the Harris County Library System to make the passport application services available in County libraries in Clear Lake, Humble, Spring/Tomball and Katy. There is now a passport application operation office in Pasadena.

Chris collaborated with the Harris County Sheriff's Office, the District Attorney's Office and judges to create eSubpoena, an efficient, electronic system that greatly reduces the time it takes to notify witnesses of their service. The digitized system helped make the courts safer at the Harris County Criminal Justice Center. One person can now process the subpoenas, allowing three dozen deputies to remain in the courtrooms and help maintain courtroom security.

Chris has spearheaded efforts to warn the public about jury scams. He oversaw a multi-pronged public awareness campaign, featuring public service announcements on television and radio, radio PSAs in Spanish, posters on more than 900 Metro buses and news interviews with newspaper, TV and radio reporters.

Chris was born in Houston and grew up in Jersey Village and north of Acres Homes in Willowwood. His mother, Jolie, grew up on Curacao, an island off Venezuela that was part of the Netherlands Antilles. From his family, especially his mother, he learned to speak Dutch among other languages. His father was born in North Little Rock, Arkansas and came from a long line of farmers and ranchers.

After earning a mechanical engineering degree at the University of Texas at Austin, he first worked as a project manager at National Oilwell Varco. Furthering his engineering career, he moved on to KBR, where he was employed as a design engineer. While employed full-time, and while serving on the Board of Lone Star College (elected in 2006), he also enrolled in classes and graduated from South Texas College of Law, passing the bar in 2011.

In 2012, Chris married Jennifer Barber, a CPA and Baylor graduate who grew up in Barber's Hill, Texas. They have two amazing children, John and Amanda. The Daniel family resides in Humble and they are active members of Second Baptist Church. Chris also attends Bible classes at Champion Forest Baptist Church. Chris and Jennifer, have many varied interests, including traveling and scuba diving.

An active Boy Scout, he went on to become an Eagle Scout. His pride in this achievement remains – his award decorated Scout's shirt hangs in his office today and he serves on the Board for the Sam Houston Area Council. Chris Daniel is an ex-officio Director and a lifetime member of the Houston Livestock Show & Rodeo. He is a member of the World Champion Barbecue Cook-off Committee and the Lamb and Goat Auction Committee

J.C. Perez, III is a retired educator, receiving his Bachelor of Science Degree in Agriculture Education in 1978 and his Masters in 1980 from Texas A & I University in Kingsville, Texas. From 1978 to 2018 he dedicated his career in the field of Education. He served 2 years as a Teacher/Coach, 2 years as a Vocational Counselor, 6 years as an Assistant Principal and 14 years as a Middle School Principal. Realizing he still had the passion to serve his community, he ran for public office in March 2010 and was elected. He has served his constituents in Jim Wells County from January 1, 2011 to the present as their County Clerk.

J.C. has been married to Nelda S. Perez, a retired Special Education Teacher and School Counselor for 41 years. Together they have 3 children. The oldest J.C. IV, is a graduate of the University of Notre Dame and Indiana/Purdue University Dental School and resides in Corpus Christi, Texas where he has his own Dental Practice. Two daughters both graduates of A & M University in Kingsville, Texas. Jenika is a Special Education Teacher with Calallen Independent School District and the youngest Jenyse is a counselor for the Women's Shelter of South Texas in Corpus Christi, Texas serving 5 different counties. He and his wife are also proud Grandparents of 3 beautiful grandchildren.

J.C. has served his County and Community in several Non-Profit organizations Boards. Proudly, he serves as a Board Member and Committee Vice-chair for the Workforce Solutions of the Costal Bend. He is an avid supporter and enjoys volunteering his time with The Boys and Girls Club of Alice, where he has prepared their Annual Steak and Burger Fundraiser for over 25 years. J.C. is a longtime member and 30 year Lector for St. Joseph Catholic Church. He was voted Best Elected Official of Jim Wells County for 2016 and 2017 by the Alice Echo News Journal Readers' Choice Awards.
