- \*National Association of Professional Women
- \*Volunteer for various community and GISD organizations
- \*Volunteer Meals on Wheels

**Harris County District Clerk**  
Region VIII  
**Chris Daniel**

Chris Daniel, an engineer and attorney, has brought his energy, skills and training to the Harris County District Clerk's Office. First elected to this office in 2010, he heads an office staffed by about 550 people and oversees a \$36 million budget that has remained lean even as the county is putting the recession behind it. His office staffs 80 statutory courts and ten (10) specialty courts with clerks, maintains records for these courts and runs jury service. Chris knows that bridge-building and diplomacy skills are a great advantage as he works with scores of judges and county officials to improve court operations. Previously, Chris Daniel was elected to the Board for Lone Star College System.

In 2013, with Chris Daniel's leadership, the office implemented a convenient passport application operation to assist the people of Harris County in applying for and renewing their passports. With such innovative thinking, Chris was re-elected to the Office in 2014.

In 2016, he opened four (4) satellite passport application operations to meet suburbanites' needs. He partnered with the Harris County Library System to make the passport application services available in County libraries in Clear Lake, Humble, Spring/Tomball and Katy. There is now a passport application operation office in Pasadena.

Chris collaborated with the Harris County Sheriff's Office, the District Attorney's Office and judges to create eSubpoena, an efficient, electronic system that greatly reduces the time it takes to notify witnesses of their service. The digitized system helped make the courts safer at the Harris County Criminal Justice Center. One person can now process the subpoenas, allowing three dozen deputies to remain in the courtrooms and help maintain courtroom security.

Chris has spearheaded efforts to warn the public about jury scams. He oversaw a multi-pronged public awareness campaign, featuring public service announcements on television and radio, radio PSAs in Spanish, posters on more than 900 Metro buses and news interviews with newspaper, TV and radio reporters.

Chris was born in Houston and grew up in Jersey Village and north of Acres Homes in Willowwood. His mother, Jolie, grew up on Curacao, an island off Venezuela that was part of the Netherlands Antilles. From his family, especially his mother, he learned to speak Dutch among other languages. His father was born in North Little Rock, Arkansas and came from a long line of farmers and ranchers.

After earning a mechanical engineering degree at the University of Texas at Austin, he first worked as a project manager at National Oilwell Varco. Furthering his engineering career, he moved on to KBR, where he was employed as a design engineer. While employed full-time, and while serving on the Board of Lone Star College (elected in 2006), he also enrolled in classes and graduated from South Texas College of Law, passing the bar in 2011.

In 2012, Chris married Jennifer Barber, a CPA and Baylor graduate who grew up in Barber's Hill, Texas. They have two amazing children, John and Amanda. The Daniel family resides in Humble and they are active members of Second Baptist Church. Chris also attends Bible classes at Champion Forest Baptist Church. Chris and Jennifer, have many varied interests, including traveling and scuba diving.

An active Boy Scout, he went on to become an Eagle Scout. His pride in this achievement remains – his award decorated Scout's shirt hangs in his office today and he serves on the Board for the Sam Houston Area Council. Chris Daniel is an ex-officio Director and a lifetime member of the Houston Livestock Show & Rodeo. He is a member of the World Champion Barbecue Cook-off Committee and the Lamb and Goat Auction Committee
