I am so very honored to be nominated as Clerk of the year and I thank you from the bottom of my heart.

I am blessed with a wonderful husband of 34 years, two successful children, Daniel and Hope. Daniel is a chef in Austin and his wife works in hotel management. Hope holds an Agriculture degree and is currently working on her teaching certificate. She also gave me our first grandchild, and her husband owns his own business.

I have always trusted God's plan for my life as promised in Jeremiah 29:11, however I had no clue it was to serve in politics and county government. I began my journey as a part-time deputy in the Eastland County Clerk's Office in 1985. After graduation, I was able to go to work for the office full time. I have a love for helping customers find the missing link whether it be in real state, probate or vital records—it is rewarding seeing the joy on their faces. I have always been proactive in my job and with other departments. It is important to serve and guide others in what is best for the County and citizens.

I have been active in the CDCAT Association, this is my second family and I feel like I have a duty to serve the Association who supports me, my office, and my staff. I have brought the Eastland County Clerk's Office into modern day times and always make sure my employees have the tools they need to perform the tasks that are required of them.
